The Bulldog Staff hopes in next week's issue to publish a complete account of the graduation exercises, and the events leading up thereto, of the 1942 Class of GHS which will be graduated tomorrow (Friday) night.

In the meantime, we wish much success to each and every boy and girl who receives a diploma tomorrow night. Unlike graduates of many former years, each and every one of you can find something to do in the war effort which demands the uttermost of every person in the nation.

At the present time Grenada is experiencing a lull before a great storm. According to reliable information, the bids on the work at the camp will be submitted by the contractors on Saturday, May 23. It will require several days for the Army Engineers to study those bids to see which bid, or which combination of bids, is most advantageous—time considered—to the government. It is quite likely that the bids will be awarded before June 1st. Work will start at the latest 5 days after the bids are awarded. It is possible that the whole contract will be let to one firm, but the contract may be split into a number of contracts. We predict that by June 10, at the latest, Grenada and vicinity will be a madhouse.

We have received from our son, Corporal Whyte Whitaker, a copy of a COMMENDATION ORDER issued by the Commanding General of the 31st Infantry Division upon his successfull completion of a march, with full pack, of 35.6 miles in 14 hours and 43 minutes. Whyte, Jr., was part of a column consisting of 10 officers and 128 enlisted men which accomplished this march which, to a civilian, seems impossible. As Kipling said, "You are a man, son, you are a man."

That kind of training, however, is the only kind of training that will enable our soldiers to fight the trained members of the enemy forces.

Dr. Clanton is building a suburban home for himself on his land on No. 7 Highway. He will have an orchard, a rustic garden and all the conveniences of city life with the added advantage of the quiet of the country. Harry and Jewel Burkley too are building a new home in that area. Before Doc bought that property there was an absolute blank there; now eight or ten attractive homes have risen. Thus Grenada Grows.

It is Corporal Pete Perry now. Hi, Corp.

Eddie Nored did not have to be dunned, sued, threatened or cut off, for he came in like a man and renewed his subscription. He saw "5-42" on his paper and knew that meant his subscription was out in May, 1942.

The twilight sisters and the ladies of the evening must be moving about during the bat and owl time, for we have not seen many of them lately. However, there will be a flock of them here to practice their profession in a few days.

Roy Doak sold a buggy recently. Think of it!! He also has a dog cart. Free ad.

It looks like Sheriff Hayward and his deputies have made the saloonkeepers and the dice rollers scarce here lately.

This issue, so far as ads are concerned, looks like the issues we used to get out when we first started—when the revenue would not nearly pay off the help. There are rough times ahead for country newspapers and all other newspapers. However, we are determined to give you a good paper even if we do not have two bits worth of advertising; provided the subscriptions continue to come in, and provided our customers continue to favor us with a fair share of job printing.

Aint they sweet.

It looks like the wimmen have about settled their local war so that all of us can concentrate on the Japs and the Germans.

If the calomel of the Pension Bill does not clean out the Halls of Congress, and if the CCC pills of disregard for national safety does not accomplish this desirable result, the dose of castor oil represented by the "X" gasoline cards will surely purge that majestic building.

We have never seen the people so aroused against their representatives in Congress than they are now. Even old Bilbo would go down if he were "up" for election this year.

Newspapers and farmers are exempt from this rationing business. They are the favored of the administration. I am both.

Churches To Be Asked To Cooperate In Law Order

At the regular meeting of the Men's Bible Class of the First Baptist Church of Grenada, discussion came up relative to the good the sheriff's office does that are being executed in Grenada County, and by a unanimous vote, the following resolution was adopted:

That we commend the sheriff and his deputies for the destruction of the gambling devices in one of the forfeiture and that this class of Christian stand by the sheriff in the destruction of all other such gambling devices as vice.

That a committee be appointed from this class to contact the men of the other churches of the city, to act with this Committee, in a joint resolution to the different churches for adoption by them as a Church.

H. J. Hall, Secretary of the Class.
M. McKibben, Chairman of the Committee.

The committees from the different churches consisted of the following members: M. McKibben, H. L. Honeycutt, J. C. Hallum, A. M. Crawthers, J. P. Perry, J. T. Keeton, Marshall Perry, D. W. Rose, R. P. Burt, D. M. Taylor, Sam Barranco, H. C. Bland, W. P. Mayo, F. E. Tribble, R. S. Chapline, O. B. Lilly, Rev. McKibben, R. B. Jackson and H. J. Ray met Monday evening at 8 o'clock for permanent organization. H. L. Honeycutt being made Chairman, J. T. Keeton, Vice Chairman, and H. J. Ray, Secretary of the organization.

The District Attorney was unable to attend, but promised 100 percent cooperation and expects to attend the next meeting.

After again expressing the approval of the sheriff's action in destroying the gambling den and other vices, and promising cooperation of this organization for further action, it was decided to meet again at the Mayor's office Monday evening at 8 o'clock, when every citizen of the city, men and women, who are not afraid to come out in the open against these vices, will be asked to be present; the program will be considered further by the churches of the city Sunday, and all Civic Clubs and organizations, will be asked to cooperate in this movement. Protect the Soldier boys as well as your boys and girls at home. The churches outside of the city will also be asked to cooperate. The meeting Monday evening at 8 o'clock May 25th to be open to every citizen who does not want the gambling dens and other houses of vice.

OUR BOYS NEED U. S. O.

Read the following letter and see if you are proud of that U. S. O. donation just made which will go to supplying clean recreation and comfort for our boys in uniform. If you still wish to donate, call Mrs. J. K. Avent, County U. S. O. chairman.

"Dear Mother:

"I've forgotten whether I told you about our march of 35 miles made in 14 hours and 32 minutes. This march is a record as far as the army is concerned. According to their 'March Tables' men are expected to march 35 miles in 25 hours.

"It was really a tough day for walking as we left in the rain and the roads were so muddy that cars had a hard time going up hill. That afternoon the sun was so hot the roads steamed. A medical officer followed us with an ambulance. During lunch hour I saw him let water out of blisters as big as a half dollar. My shoes fit, and I wore thick wool sox so my feet gave me no trouble. Pulling thru the mud made my right foot hurt so I had it taped at lunch stop. I believe I could have gone on 15 miles further if necessary with my full field equipment, (approximately 55 pounds)."

"The decision is to send a write up to each paper when a local boy is concerned, so look for it soon."

Dear Mr. President:

Why will a private citizen of Mississippi who is running for office be severely rationed in gasoline after July 1, and the man in office (Congressman or Senator) be permitted to consume all the gasoline he wants to consume?

Lions Club Endorses WPA Drive For Junk

In view of the prevailing critical necessity of our Government's need for scrap metals and rubber the Lions Club of Grenada planned a program whereas to gather this scrap for that purpose and was making steps to systemize a program that would reach the attention of every person in Grenada county, but before activeness was realized by the club the government this duty, in the form of a Nation-wide project, to the WPA and this project now has priority over any other WPA project on their program; it is still the purpose of the Grenada Lions Club to function in this drive to the extent of publicizing the importance and seriousness that should be recognized by every red blooded American citizen that has scrap metal or rubber in their possession, the club is interested in assisting persons in disposing, either by selling or contributing, to the government or any reputable junk dealer, what scrap persons can muster, even to the extent of slight disfurnishing to the scrap owner.

Our information is that the WPA truck, via a planned route, will make a house to house canvass in the rural districts and towns with population under three thousand inhabitants, you will be offered to contribute, if you wish or 30c per hundred for the metal and 1½c per pound for the scrap rubber, they will weigh your scrap on their truck giving you a receipt and the government will mail you remittance for the full amount.

For persons that have their scrap gathered in the City of Grenada or other points in the county where the WPA truck has failed to call on you we suggest that you either telephone or write the Grenada Hotel, giving your location and approximate amount of scrap you have ready, and your message will be immediately relayed, by a representative of the Grenada Lions Club to the WPA who will call for your scrap and rubber.

Patriotic citizens of Grenada and Grenada county we appeal to you to make every possible effort to gather every piece of scrap no matter how large or small and dispose of it either to the WPA program or a junk dealer, to the end the government will receive it and that is the whole purpose for this material and rubber will be resmeltered and be put into tools of war. The government is short of metals and we know it is our duty to roll up our sleeves and gather this much needed material and get it to them. Our boys in the armed forces are depending on us back home to back them up and they are the ones that need the tools of war. Look oround your house, your barn, in the fields and gather up this scrap, it is there you have seen it so long that you haven't noticed it before and let's get this scrap moving today to the smelters.

The Government MUST have this scrap to subdue our enemy and you are offered a chance to do your part by gathering up your scrap metals and rubber and get it on the way, so we ask you to make ready your scrap and either call or write the Grenada Hotel and we will see that the WPA or a reputable junk dealer picks it up. If we don't whip our enemy we won't need our scrap so let's Scrap the Japs with Scrap. Thank you.

Poppy Day To Be Observed In Grenada Saturday

Thirteen million memorial poppies are ready for distribution to patriotic Americans on Poppy Day, May 23, Mrs. J. B. Keeton, the Poppy Chairman of Grenada Unit No. 35 of the American Legion Auxiliary, announced today.

An army of 10000 women volunteers is ready to take the little red flowers out on the streets and offer them for wear in tribute to the men who have given their lives for America. In exchange for the poppies, these women will receive contributions for the welfare of the American Legion and Auxiliary among the war disabled, their families and the families of the dead.

The poppies have been made by disabled veterans of the first World War working in government hospitals and in convalescent workrooms maintained by the Auxiliary. Employment was given to disabled men in 66 hospitals located in every part of the country and in four workrooms for disabled men not confined to hospitals. The work has brought approximately $130,000 into the pockets of veterans receiving little or no government compensation, besides providing them with an occupation to to brighten their hospital or convalescent days.

This year the poppies will be worn in honor of the men who died at Pearl Harbor, Bataan and the other battle areas of the present war, as well as those killed in the battles in France 24 years ago. Poppy Day contributions will go for the welfare of the living victims of both wars, the disabled fighting men and the families left in need. The Legion and Auxiliary are bringing their long experience in aiding veterans and dependent families to help meet the new needs arising from the new war.

The Auxiliary is hoping for generous response to its Poppy Day Appeal this year in order that ample funds may be available for its work of mercy and relief during the coming year.

Former Grenadian, Mr. W. T. Knox, Died In Winona Monday

Many Grenada and Grenada County people will be interested to know that Mr. W. T. Knox, 87 year old lawyer of Winona, died Monday of this week and was buried Tuesday.

Mr. Knox was a native of the eastern section of Grenada county and as a young man worked for the merchantile firm of Bob Mullin. Fifty-one years ago he moved to Winona to make his home. He enjoyed a fine practice there and was so highly respected in his adopted town that all business firms closed during the time of his funeral services. Among the young lawyers whom he took into his office for breaking-in after their graduation was Mr. Robertson Horton, son of Mr. and Mrs. Cowles Horton of Grenada.

Among those from Grenada who attended the funeral were his nieces, Misses Mary and Belle Knox, and his cousins, Mesdames C. C. Penn and Laura P. Merritt.

The wimmen's war seems to have abated a little.

Aint they sweet.

Pay your subscriptiton.

Poor Mississippi.

The Grenada school has been the scene the past week of numerous programs and of interesting events occasioned by the close of school. The first recital was given on May 15th when the High School Music and Speech Department pupils were presented.

On May 17th the Class sermon was delivered by Rev. G. T. Gillespie, President of Belhaven College, Jackson, and was attended by a capacity congregation at the First Baptist Church.

On May 18th, 8 o'clock, Miss Dorothy Talbert graduate pianist and Miss Caroline Whitaker, senior voice pupil, were presnted in recital.

May 19, the Elementary School Music and Dramatic Arts recital, directed by Miss Donaldson and Mrs. J. C. Hathorn was given at the High School auditorium.

Wednesday afternoon, the Graduating class was graciously entertained by the "Class Mothers", Mrs. J. K. Avent and Mrs. H. H. Cullen and sponsor, Miss Pierce, at the home of Mrs. Avent.

Thursday afternoon the graduation exercises were held for the Grammar School graduates at the High School.

Friday evening graduation of High School Seniors will begin at 8 o'clock. The following programs were given:

On Friday evening, May 15th at 8 o'clock, the High School Music and Speech Departments gave a lovely recital. The girls were beautiful in their becoming evening gowns reminding one of a flower garden. Both the Music and the Speech students displayed wonderful poise and interpretation for high school students. The appreciative audience agreed that the technic poise and musicianship of the music students, as also the diction and poise of the speech students was outstanding. The program opend with Clarene Jobe playing "The Robin" by Fisher, and closed with Julia Marie Guidry playing "Valse Arabesque" by Lock.

SENIOR PARTY

On Tuesday evening the Community House was the scene of a delightful "Fun" party, given by three seniors, Misses Frances Herring, Nellie Joiner and Ann Odom.

The leaders for the many games enjoyed were Miss Pierce, class sponsor, and Frances Herring. Many new games were enjoyed thoroughly and later in the evening dancing was enjoyed.

A buffet spread of delicious sandwiches, canapes, pickle and olives, cookies and fruit punch was served at 8:30.

CLASS DAY

Thursday (today) is class day for the Seniors and they will assemble at the High School campus in the late afternoon for a "get together." They will have a group picture made and enjoy refreshments. After this they will go to the home of Caroline Whitaker and dance in her big dining room. Her mother will serve cold drinks and party food.

The Seniors are having fun this week and we feel sure that they will long remember the many lovely courtesies and gifts at graduation time.

MRS. HORTON HONORS SENIORS

Mrs. Hurd Horton, assisted by her daughter, Mary Elizabeth, entertained at a beautifully planned bridge-luncheon Thursday.

The guests arrived at eleven o'clock and were greeted at the door by Mary Elizabeth. Two tables were arranged in the handsome livingroom. Exquisite roses and Spring flowers were placed at points of vantage, adding their beauty to the scene.

Luncheon with coffee was served at 12:30 and games were enjoyed afterwards. The four honorees, Misses Caroline Whitaker, Mary Lou Cullen, Louise Avent and Dorothy Talbert were presented "cute" prizes and a high score priz ewas awarded.

Enjoying this lovely party were the honorees and Misses Jackie Lane, Ann Duncan, Lillian York and Mary Elizabeth Horton.

lowers And Soft Music

There is nothing left for Senators and Congressmen coming up for reelection this summer but flowers and soft music.

We sent them to Washington to look after our interests—the national interest, if you please—and what a mess they made of affairs!! Soldiers of the richest nation on earth being pushed about by the hiterto despised Japanese as if our men were pygmies and the Japs giants. BECAUSE Congress failed to heed the warning signs and failed to listen to those who plead with them to prepare this country, and not because of lack of valor of our men. Soldiers of the richest nation on earth dying for want of quinine on Bataan and on Corrigador!! Soldiers of a nation capable of producing three times the volume of airplanes and anti-aircraft guns produced in Japan, being slaughtered by soldiers of a nation which our Congress permitted to be supplied with the very gasoline used by the hostile planes, planes made from scrap metal which our Congress permitted Japan to buy from this country!! Your boy and my boy may die because of the fact that we had such fat headed, selfish, politically-minded Congress.

If that were not enough to consign the Congressmen and Senators to the political graveyard, look at a PENSION bill which was passed by an overwhelming majority in the U. S. Senate, and which passed by unanimous consent in the lower House. These gentlemen evidently sensed the aroma of the flowers and heard from afar the faint soft music, and prepared to live in the oblivion their miserable records warranted, in financial security.

If that were not enough to place the lid on the caskets containing their selfish bodies, from which their shriveled souls had fled to Hell, they passed a draft bill which drafted your boy and my boy, and exempted themselves. They were unwilling to take pot luck with the average citizen. They placed themselves in a separate class. This in itself is sufficient reason to return them, in disgrace and dishonor, to civil life.

God in Heaven knows that either of the above despicable actions was sufficient to bury them in the deepest possible political grave; but if neither of them were sufficient, what about this "X" gasoline card permitted by a law now in process of being passed? This law will permit Senators and Congressmen to carry an "X" gasoline card, which will permit them to purchase as much gasoline as they want while you and I will be severely rationed. The salesman who earns his living by traveling over the country visting his customers will be so drastically rationed that he cannot earn his living. The wholesale grocery man will be rationed so that, for practical purposes, his radius of activity will be restricted to fifteen miles. And so on and on and on. Coming on election year, this will permit—to bring the matter home to us in Mississippi—Mr. Ford and Mr. Collins and Mr. Doxey to use their cars in making speaking dates and in making political contacts without any reservation whatever; but will, also, Mr. Abernethy and Dr. McPhail and Mr. Wolf and Mr. Eastland and other candidates the right to travel except in a very restricted amount.

On top of all that The Washington Merry-Go-Round charges OPA has said nothing about it, but the inside fact is that a number of congressional statesmen privately demanded that the drastic tire restrictions be lifted for them so that they can get tires for campaign purposes.

Flowers and soft music!! They will be in evidence in August.

Our Last Child Graduates

The last of our four children is this week being graduated from Grenada High School.

Mr. John Rundle, being the head of that school, has been the policy maker of the school. Those under him have reflected his attitude and his policy, both of which have been good.

He has inspired the children, including our own, to do better and to be better, not only by his words, but, more important, by his deeds. Mr. Rundle, having practiced the virtues that he preached, has made indelible impressions on our children, and these impressions have been healthful. You cannot fool a child. If you preach one thing and practice another, you have wasted your preaching, for preaching from such a source has a bad effect, if any effect at all.

Even if our youngest daughter, the last of our brood to be graduated, has learned little that will fit her for the workaday world, Mr. Rundle and the teachers who reflected his ideas are today the recipients of our sincere thanks for the many kindnesses shown her and her brothers and sister who finished before.

Be Reasonable With Rents

Again we implore the people of Grenada to be reasonable in their rental charges on their property, whether that property be a room, an apartment or an entire furnished house.

The men who are working here are not paid fabulous salaries. They are helping in the war effort. They have a right to expect fair treatment from those whom they must rent living quarters. They, too, have the HCL to contend with. They or many of them have wives and children to support.

But, aside from the moral issues involved and the equity in the situation, Uncle Sam is not going to stand for rent gouging in defense areas. If excessive rents are charged, the all-powerful federal government will enter the picture and FORCE you to reduce your rents and, perhaps, FORCE you to refund the overcharges already collected.

It would be a disgrace for Grenada to be FORCED to reduce rents and refund overcharges, but these things will be done unless the rule of reason governs the fixing of rents.

We think the local community should pay as little as possible for such exensions of "plant" as are necessary for the TEMPORARY population thrust upon us. Drive a hard bargain, aldermen and supervisors.

The Old Home Town

Hearing from afar about the prosperity that was being enjoyed in the old home town, drove over on a recent rainy Saturday afternoon, to be with and rejoice with, old friends and pals.

We know of no small City that has made the progress commercially, and in every other way, that Grenada has in recent years.

From early childhood, we have listened (if you were around you had to listen) to Col. W. B. Hoffa sing the praises of Grenada. His prediction was that some day it would be a city of 25,000. It looks now as if this—we thought his dream wild—is at long last to be a reality.

We saw Mr. Hoffa during our stay in Grenada, and his face was all smiles, and he seemed to burn with an inward glow and was most happy.

We saw our boyhood, and later manhood, friend, Whyte Whitaker, who is the editor and owner of the Grenada County Weekly, a paper that expresses its editor's own inimitable individuality, in almost every line.

We wanted to see our old friend, Roy Doak, but time was pressing, and we missed him. We wanted to see him, since he has evidently recently blossomed as a politician, and is now the interim Mayor.

We can say one thing, if the people of Grenada persuade Roy to accept the position as a permanent one, no town will have a better Mayor.

We visited, too, with another old friend, Jim Cuff, the last of the male Cuffs, and a finer fellow has never been born.

Cuff's Grocery is a fixed institution in Grenada. Chain stores may come, and chain stores may go, but Cuff's store will go on, and on, and on.

We can remember with much pleasure, the many talks we have had with Jim's father, Mr. James Cuff, Sr. We feel richer in spirit for having known him and we learned much from these talks with Mr. Cuff.

We think frequently about what the youth of today miss, by reason of the rush and turmoil of present day living. Nowadays, the older men in business simply do not have the time to stop and chat and pass on the wisdom and knowledge they have acquired over the years, to the youth of the land. They are hard-pressed to keep their business going. Operating a business of any kind today is altogether different to what it was twenty-five years ago.

We can remember when Cobb Trusty first came to Grenada from Cascilla in the Free State of Tallahatchie. Imagine one of the first men he looked up when he came to town was our father, the late O. F. Lawrence. I never fail to visit and speak with Cobb, when I go to Grenada. Believe there is no man in the state better posted as to men's haberdashery than is Cobb Trusty.

We shook hands with Durroh Horn and Lewis Dubard, Harry Greenfield, Mr. Horn and many others. We waved through the window at Mary Roane Townes.

We enjoy being in Grenada. We like to see our old friends. We are sorry we do not have time to go there more often.

—Ellett Lawrence in "PAGES".

"Old Southern Aristocracy"

The writer, who descended from some of the so-called "Southern aristocrats," has a perfect right, if anyone has, to say that the "Old Southern Aristocracy" is about 99 44/100 percent hokum and bunk.

The first requisite to be a member of the old Southern aristocracy is to be a descendant of people who owned slaves and had large land holdings. And that's about the only requisite—to come from people who, through honesty or dishonesty, accumulated enough money to acquire land and slaves. What a sorry key to open the door of the Hall of Fame!!

Look at the geneology of the old Southern aristocratic family, and you will see that, in many instances, the "old southern aristocrat" was married once, twice or three times, wearing out one, two or three women with childbirth and the drain appertaining thereto.

Look critically at the TRUE record of his plantation, and you will often find that he reared a family in the "big house" on the hill and another family in a cabin.

Where did these mulattoes come from if not from the loins of the old Southern aristocrats? Who bid highest for the comely quadroons and octaroons in the slave market, if it were not the old Southern aristocrats?

Who among us "old Southern aristocrats" have not half cousins among the negroes. One of our kinsmen, not bearing our name however, has a negro half brother having HIS name.

Our 99 cent dictionery defines "aristrocratic" as "pertaining to, or characteristic of, the higher class." What is aristocratic about mixing one's blood with that of an inferior race? What is aristocratic about wearing out from one to three wives, and about rearing two or three families simultaneously?

"Old Southern aristocracy"!! Bosh, bosh and a couple of boshes!!

Suggestion To The Preachers

May a newspaper editor who seldom darkens the door of a church offer a suggestion to the preachers of Grenada?

General MacArthur made the following statement following the bitter, yet hopeless struggle on Bataan: "The Bataan force went out as it would have wished to go out—fighting to the end of its flickering, forlorn hope. To the weeping mothers of its dead I only say that the sacrifice halo of Jesus of Nazereth has descended upon their sons and that God has taken them unto Himself."

Those heroes who fought the delaying action on Bataan and Corrigador deserve a response in kind from us. So we offer the suggestion that the churches of this community unite in this hour of trial to extend God's blessings to the men about to leave for service in the armed forces. Groups of boys have left Grenada on early buses when the only demonstrations came from members of their immediate family and a few curious spectators—with no more ceremony that would be had for a bunch of men bound for Parchman. We believe the men of our community who are chosen to defend our country and our liberty ought to have the inspiration of religious fervor.

How that may best be accomplished is beyond our province. We are about to enter the season when the churches of Grenada will have the summer "union services," when all denominations gather to worship their common God and Savior. We believe the men entering the armed forces should have an opportunity to worship together before they leave.

Could not the Protestants, the Catholics and the Jews of Grenada arrange for a community service for each group of men preparing to leave us?

Surely the events which have transpired so far in this struggle warrant the conclusion that the church has as much at stake in this holocaust as any of its people. Let us see the churches, united, become the militant force which will inspire our men to smash the forces of hate alive in the world.

The Candidate And The Country Printer

We are gratified to see that other country printer-publishers are beginning to see what saps they have been all these years by filling their columns with free publicity emanating from the campaign headquarters of State and Congressional candidates, and, at the same time, being denied the privilege of even bidding on the paid stationery, paid pamphlets, and other printed matter necessary in the conduct of an extensive campaign—all of which printed matter having been produced by the relatively few shops in Jackson and Meridian that employ union labor and can use the Union Label imprint on the printed matter.

We are not against union labor, far from it. Like every other human institutions, the unions have their faults and have at times acted greedy; but, had it not been for the unions, many skilled men would have been unable to accumulate anything for old age for they would have been paid from 10 cents to 30 cents per hour, as skilled labor is paid in many foreign countries.

We are not even against the union printing shops getting their fair share of the printing business of the candidates, but we are unalterably opposed to the union shops getting ALL of the printing, while the little fellow in the country shop which usually publishes a newspaper gets nothing but the free publicity.

This very editorial is being written on the reverse side of a mimeographed sheet sent out from the headquarters of a prominent candidate. If we receive more of this kind of stuff than we can reverse and use as copy paper, we will throw it into the waste paper basket.

If other country newspapers will do likewise, we country printer-publishers will soon break the custom of having the Union Label on ALL campaign literature.

Me and the U. S. A.

Prohy has made a good start as Mayor.

We are happy to report that conditions in "West Ward" have improved. Congratulations to the police officers.

Good morning, Mr. New Mayor.

America will soon have the best fed, best clothed, the best paid, the best trained and the best equipped army in the nation's history. That's the reason Hitler is in such helluva hurry.

SENIORS PRESENTED IN RECITAL

On Monday evening, May 18, two lovely girl graduates were presented in piano and voice recital at Grenada High School auditorium before an audience composed of the many interested friends of the two young ladies, Miss Dorothy Talbert, pianist and Miss Caroline Whitaker, vocalist. Both of these students are seniors and are members of the High School Music Department under the capable teacher, Miss Inez Donaldson.

The large and fashionable audience present was delighted with the program. Both the piano and voice numbers were well selected and certainly most delightfully applauded. Miss Talbert showed fine technique and an interpretation with an artists insight into the music of the masters.

The last number, the immortal Pathetique Sonate of Beethovens was perhaps the most difficult one on the program, but Miss Talbert proved herself capable in the fine rendition which she gave. The player showed herself equal to the moods of the capricious in "Rondo Capriccioso" by Mendelssohn. The ever popular "Romance" by Sibelius was very lovely as was Friml's "Three Dances." Very popular with the audience was "Kamennoi-Ostraw" by Rubinstein.

Miss Caroline Whitaker was very popular with the audience, and her lovely voice was at its best in Bohm's "Calm As The Night", and in Strauss' beloved "My Blue Danube." She too was delightfully applauded.

The stage at the auditorium was indeed lovely. Two wicker baskets filled with white gladioli and ferns flanked the lovely arrangements of white and red roses. The center of the rose arrangement was a huge bouquet of red roses interspersed with white flowers.

Miss Talbert chose a lovely light blue evening dress and wore red carnations in her dark hair and on her shoulder.

Miss Caroline Whitaker wore white lace with net skirt. The flowers forming the small corsage worn in her hair were of stephanotes and white carnations. Her lovely colonial bouquet was of sweet peas and baby breath, encircled with lace. The streamers were of pink satin ribbon.

The following program was given:

Rondo Capriccioso ..... Mendelssohn
Romance ..... Sibelius
Dorothy Talbert
Calm As The Night ..... Bohm
Caroline Whitaker
Three Dances ..... Friml
Kamennoi Ostrow ..... Rubinstein
Dorothy Talbert
My Blue Danube ..... Strauss
Caroline Whitaker
Sonate Pathetique ..... Beethoven
(Allegro Movement)

Sgt. Lynn Williams, of Camp Bowie, Texas arrived home last Wednesday for a two week's visit. His young sister, Betty, who resides in Louisville, came over for a visit with him.

Mrs. Willye Young West left Sunday for Cleveland, Ohio, to visit her daughter, Mrs. Linden Wright and Ensign Wright. She expects to be away for two weeks.

Judge and Mrs. M. C. Ketchum, of Memphis, spent Thursday night at Hotel Barwin. They were honor guests at the Iris Club (Dutch) party at Triangle R. Ranch country place of Mr. and Mrs. T. B. Revell.

Mrs. John King, of Grenada, and Mr. and Mrs. John King and children, of Memphis, and Misses Robbie and Juliette Doak, of Grenada, are spending a few weeks on the Mississippi Coast.

PICNIC SUPPER

The Grenada Iris Club entertained a group of friends, including their husbands, also, Judge and Mrs. J. M. Ketchum, of Memphis, at a picnic supper, last Thursday night. The supper was spread on tables in the spacious living room at Triangle R. Ranch, country place of Mr. and Mrs. T. B. Revell, and every one there enjoyed the very delicious foods brought by each member and served so informally and graciously.

Following the supper, Judge and Mrs. Keechum, famed Iris growers of Memphis, showed colored pictures on slides of their lovely garden in Memphis, also of their estate in North Carolina.

Because of the storm interferring with the power line, the party left the Revell home about 10 o'clock and went to the home of Dr. and Mrs. J. K. Avent where Mr. and Mrs. W. E. Jackson showed many reels of films made in their own garden at the homes of Mr. and Mrs. L. J. Doak, Mrs. Will Hill, at the points where Iris blossomed so beautifully in Grenada this spring, also showed motion pictures made when they (the Jacksons and Doaks) were on their western trip last year.

The Iris Club membership is numbered with a rare body of individuals who speak an universal language, especially when Iris is the subject under discussion, and in the warmth of the Revells hospitality, as the evening passed on, a oneness of opinion and certainly a most genuine love of flowers, (again especially of Iris), was asserted.

Those present were: Mr. and Mrs. Revell, Mrs. Lizzie Brown, Dr. and Mrs. Avent, Judge and Mrs. Ketchum, of Memphis, Mr. and Mrs. Henry Ray, Mr. and Mrs. Vandiver, Mr. and Mrs. Jim Keeton, Mr. and Mrs. W. E. Jackson, Mr. and Mrs. L. J. Doak, Mr. and Mrs. Whytel Whitaker, Mrs. Bob Hall, Miss Louise Smith, Mrs. F. A. Stacy, Miss Adele Hoffa, Mrs. Jesse Thomason, Miss Willie Cuff, Miss Mamie Cuff, Mrs. Ethel Thiel, Mrs. Hurl Horton, Mr. and Mrs. A. N. Rayburn, and Mrs. Josie Hill.

Mrs. Roger Friou and son, Roger, Jr., of Tupelo, were guests the past week end of their mother and grandmother, Mrs. T. T. Hamilton.

Mrs. Condry, mother of Mrs. Herman Heath and Mrs. Ernest Penn, has returned to her home in Amory, after a delightful visit here.

Mr. and Mrs. W. W. Garner and Mr. and Mrs. D. Y. Dubard spent last week at a beautiful Gulf Coast resort at Ocean Springs, Miss.

Mrs. S. A. Morrison returned home last week from a trip to the coast at Biloxi and to a U. D. C. meeting at Jackson.

Mrs. Russell Hooker spent the past week end with her husband, who is at Officers Candidate School, Fort Knox Ky.

Mr. and Mrs. Foster, of Vicksburg, are being welcomed as new residents of Grenada. They have purchased the Peerless Laundry.

Mrs. E. L. Marders spent Friday and Saturday in Memphis with Dr and Mrs. W. H. Priddy.

Miss Ruby Lockett, of Memphis, visited in the home of her mother, Mrs. Charles Lockett, last week.

Mrs. John Martin returned home from a visit with her son, Lt. Jack Martin and wife at Baton Rogue, the latter part of last week.

Mrs. John Wendleton and two sons, Dan and Jack, of Jefferson City, Mo., are enjoying a two weeks visit with their parents and grandparents, Mr. and Mrs. S. L. Murphy. Mr. S. L. Murphy, Jr., member of the faculty at Moorhead Junior College has returned to his duties there, after a nice week end visit here.

Mrs. H. L. Honeycutt returned home last Friday from a visit to her son Lt. "Choppy" Andrews at Barksdale Field, Shreveport, La.

Mrs. R. L. Scott has returned home from Silver Creek where she visited her father and from Jackson where she visited her children, Mr and Mrs. F. S. Gerard and baby.

MISS LOUISE AVENT HONORED

Mrs. Alfred Bryant entertained at a beautiful bridge luncheon at her home in Coffeeville Saturday at twelve thirty o'clock, complimenting lovely Louise Avent, daughter of Dr. and Mrs. J. K. Avent, of Grenada, who is graduating this year with honors from Grenada High School, also completing her senior and graduating year in music under Mrs. Bryant.

Lovely spring flowers, roses predominating added color and charm to the reception rooms of this handsome home. Places were arranged at the beautiful appointed table which was centered by a large arrangement of pink radiance roses interspersed with pink honeysuckle. Place cards were diplomas attached to mint cups and added charm. A three course luncheon consisting of fruit cocktail, spring chicken, waffle potatoes, peas and carrots, a lovely tomato and cottage cheese salad with wafers, tea and hot rolls, strawberry short cake with whipped cream as dessert, was served to the happy group.

Mrs. Bryant presented the honoree a book of Victrola records of College Songs, as a token of love and as a graduation gift.

The afternoon was most pleasantly spent playing bridge. Caroline Whitaker captured the high score prize and received a lovely handkerchief.

Attending the lovely affair were: the honoree, Miss Louise Avent and Miss Sally Stone, of Coffeeville, and Misses Lillian York, Caroline Whitaker, Mary Elizabeth Horton, Mary Lou Cullen, Dorothy Talbert and Jackie Lane, of Grenada.

EPISCOPAL AUXILIARY

All Saints Auxiliary met at the Rectory with Mrs. C. S. Liles as hostess, on Monday afternoon at 3:30.

Eleven members were present and the business session was followed by a most interesting study lesson taught by Mrs. Edith Guidry.

Mrs. W. W. Whitaker, president, presided. Mrs. Liles led the devotional. Mrs. Sherwood, secretary, gave her report and Mrs. Earl Burkley, the treasurer, reported the finances of the auxiliary.

Next Monday the program will be based on the United Thank Offering, and a full attendance is urged. The auxiliary announces that Miss Julia Marie Guidry and Miss Margaret Ann McCorkle will attend Camp Bratton Green at Meridian this year. The auxiliary gave one scholarship, while Mr. and Mrs. W. H. Saunders gave one.

On Monday, June 1, the Episcopal congregation will meet in the evening to enjoy a picnic super. Plans announced later. The meeting closed at the end of an hour, with the group saying the benediction in unison.

PRESBYTERIAN CIRCLE MEETS

Circle No. 3, of which Mrs. H. D. Lane is the leader, met in the home of Mrs. Roger Dollarhide Monday. Mrs. Hugh Ketchum was co-hostess.

Mrs. Marguret Noel and Mrs. Harry Adams led the devotional.

The program subject was "The Presbyterian Church and the Negro" and those on the program were Mesdames W. B. Hoffa, Hurd Horton, Stanley Kruger, Logan Wagner, Hugo Ketchum and H. D. Lane, Sr.

Seventeen members were present. At the close of the program the hostess srved strawberry cream and cookies.

Mrs. B. C. Adams, of Mobile, was a visitor and tiny David Austine Dollar Lide, age 6 weeks, was also an honored guest.

Mrs. Gabbert, of Senatobia, visited her parents, Mr. and Mrs. F. R. Lickfold recently.

Miss Mary McEacheren, popular registered nurse, who received her training at Grenada Hospital, will nurse the Rev. Mr. Liles during his stay at Hill's Clinic in Memphis. She left Tuesday for Memphis.

The Rev. Mr. C. S. Liles, Episcopal rector, is undergoing treatment at Dr. Hill's Clinic in Memphis. Mr. Liles expects to be away for two weeks. His many friends here are hopeful that he will return home greatly benefitted by his stay there.

Mrs. H. D. Lane, Jr., accompanied her mother, Mrs. R. W. Mullin to Birmingham on Sunday last. Mrs. Mullin will visit her son, Mr. Pat Mullin and family for a week. Mrs. Lane returned home Sunday night. Accompanying them on this trip were Misses Edna Penn, Anna Rose and Margurete Finney and Ruth Swetland.

Mr. John Rufus Ferry, of Goodman, visited "in town" last week.

Official U. S. Treasury War Bond Quotas For May

The above map of Mississippi shows the War Bond quotas, by counties, for the month of May, 1942. Total War Bond quota for the State is $2,905,200. Every income earner in the State is expected to step-up War Bond purchases on a basis of ten per cent or more of income. This is necessary to help America's armed forces take the offensive against the Axis powers. The American voluntary method of War Bond purchases must be successful in reaching the quotas set by the Treasury Department for every county in the nation. The job of every American now is to stop spending and save dollars to help win the War.

Navy Urgently Needs Young Men For Future Officers

The Navy Department, through its long-range officer procurement plan known as Class V-1, is accepting enlistments of college freshmen and sophomores and high school seniors who plan to enter college, and grooming them to later become officer pilots in the Navil Air Corps or ships' officers in the fleet. This plan permits them to continue with their college work on an inactive duty status. Thus they complete themselves to become naval officers by getting the most out of their college training.

The Navy needs officers. Men by the thousands are enlisting to man our new ships and to swell the ranks of our Navy's growing air force. Everyone is a volunteer. The officers who join the Navy must be of exceptionally high caliber, mentally alert, physically fit, thoroughly schooled. The Navy believes that the colleges and universities of this country can give men this training and several hundred of these institutions, representing every state in the union, are cooperating in this program's training program.

Young men who want to be officers, and are willing to work for this goal are urged to go to the nearest Navy Recruiting station, or consult their college deans for full details.

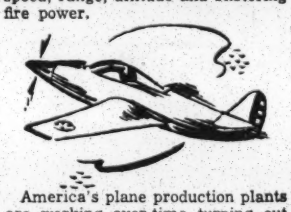
What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "pontoon", as you do. Ponton bridges cost all the way from $15,000 to $700,000. The smaller bridge using individual metal pontons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

What You Buy With WAR BONDS

The Army's fighter planes are the finest in the world and develop speeds up to 400 miles an hour. They cost approximately $100,000 each, provide fighter escorts for the huge flying fortresses, and combine speed, range, altitude and blistering fire power.



America's plane production plants are working over-time turning out thousands of these fighter planes. War Savings Bonds will help pay for them and the American people are committed to at least ten percent of their income to finance their cost in War Bonds. Every American, buying his share every pay day, will make it comparatively easy to supply our army and navy air corps with these supreme Eagles of the air.

What You Buy With WAR BONDS

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs $50,000.

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every pay day.

Summer Library Hours 1-6

Please note the change in hours of Grenada County Library, effective May 25 to September. Because of the observation of War Time, the Library Board thought an additional hour in the afternoon would serve the public better than a noon hour, which has always been especially for the convenience of county school children.

VICTORY Hints

By FANNIE MAY IZARD
HOME SERVICE DIRECTOR
MISSISSIPPI POWER & LIGHT CO

ONE OF THE basic requirements for an adequate diet is that we eat at least four eggs a week—one a day if possible. These may be used in cakes and custards and corn bread—or they may be eaten separately. The following facts which have been released by the Poultry and Egg National Board should help us to know more about this important food.

—Eggs are a natural protective food.
—The egg is 100% edible—no waste.
—Eggs are an outstanding bargain package of good nutrition at any time.
—White eggs and brown eggs are equally tasty and nutritious.
—There is no difference in the value of a pale or deep colored yolk.
—The yolk of the egg is one of the first solid foods added to milk in the infant's daily diet.
—The superiority of the egg as an efficient food is a historical fact re-emphasized since the discovery of vitamins and modern nutrition.
—Eggs possess the rare quality of combining low caloric value with high body building proteins and necessary regulating minerals and vitamins.
—The yolk of the egg is one of the richest food sources of iron in an especially valuable form for the body.
—Egg nutrition is so easy to digest that it is recommended for infants and convalescents and normal persons alike.
—The natural vitamin, mineral, and protein content of two eggs provides from 6% to 32% of the daily nutritional requirements with the supplemental foods.
—Eggs are the sunshine food—the richest land-grown source of vitamin D—and giving it the most palatable form.
—Egg yolk with other regular foods is sufficient to safeguard the baby against ricketts in the winter months.
—Every egg added to the daily diet means increased food value and health protection.
—The egg is a vital part of a safe guide to eating, which gives a vigorous mind, a strong body, abundant health, and longer active health.
—Eggs, like milk, meat, butter, are a perishable food, therefore, should be kept refrigerated until ready for use.
—The delicate flavor of eggs should be protected from absorbing strong odors of other foods in the refrigerator.
—There are over a thousand different ways to serve eggs.
—Eggs combine easily and well with all other foods—cereals, dairy products, fats, fruits, vegetables, meats.
—Cooking eggs and dishes in which eggs predominate, at low temperature is one of the secrets of good cooking.
—There is no difference between small and large eggs. Small eggs are laid by pullets (young hens). When the hen matures, the eggs achieve normal size.

Gore Springs H. D. Club Meets

On Thursday, May 14th the H. D. Club held its regular monthly meeting in the school auditorium with 12 members and five visitors present. The meeting was called to order by singing. Minutes were then read and roll called. Then Mesdames Calvin Clanton and George Leverett read four letters of thanks from the soldier boys who were sent boxes of gifts from the club women and a letter was also read from Miss Mitchell, who is an invalid and is making leather belts to sell in order to get money to buy a rolling chair. Five belts were bought at this meeting. Mrs. Neely then explained and demonstrated stretching a dollar, using a chart of Mrs. Penny Wise and Mrs. Pound Foolish. A game was then enjoyed "Chopping the Tree." Mrs. G. E. Chamberlain received the prize and then a spelling bee was enjoyed. Meeting adjourned.—Contributed.

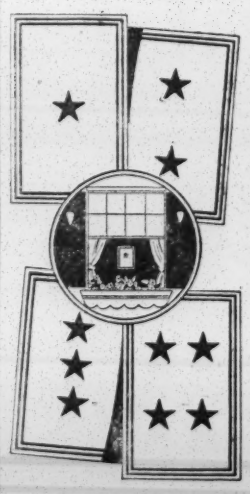
FREE SERVICE STAR CARDS
FOR THE FAMILIES OF SERVICE MEN



This Service Star window card should be seen in every home in America that is represented by a father, husband, son or brother in the Armed Forces of the United States. It emphasizes America's pride in those who are serving our country in time of war.

BLUE, SILVER OR GOLD

The *Blue Star* indicates service in the Army, Navy or Marine Corps within the boundaries of the United States.

The *Silver Star* denotes service outside the continental United States, either on the high seas, in the United States possessions, or on foreign soil.

The *Gold Star* is America's tribute to those who make the supreme sacrifice under the Stars and Stripes in time of war.

• • •

You are entitled to display the proper star for each member of your family serving in the Armed Forces of the United States of America. For example, if you are the parent of one boy in camp in the U.S.A., you are entitled to one Blue Star. If you have two sons in service—one in the U.S.A. and one outside the U.S.A.—you are entitled to a Service Star card bearing one Blue Star and one Silver Star.

Produced in Red, White and Blue Actual size 6 inches x 9¼ inches.

Sax Weir advertised for a kicking machine last week to be used in kicking the last of Bilboism out of his system. Mr. Scott brought him one, and he feels now like a man who has got religion, that he is forever saved. Sax suggested that the machine be lent to Col. Henry Kahn so that the Connerism could be kicked out of him. However Sax could be born again; Col. Kahn cannot

We cannot but note the huge pile of ration papers in the office of John Bradley, chairman (with no pay) of the Ration Board. The Ration Board's first duty was the rationing of tires; then sugar was added; now the "ceiling price" business must be administered there. In the immediate future, many other items will be added. In the more remote future, probably ALL items will be added. The items now rationed takes practically all the time of John Bradley and the secretary, Mrs. Martin. He has to neglect his business to attend to this fuportant, but free job. We imagine John is like the rest of us, not able to live on some imaginary income. We cannot understand why Uncle Sam pays enormous wages to ditch diggers, carpenters, welders, and millions of other employees, yet expects a man of limited means to work for nothing. Something ought to be done about it.

While the members of the draft board sit as a sort of court and do not have to devote so much time to their duties, we think they too should receive remuneration.

Things are looking slightly better for the Allies. Time, our greatest ally, is beginning to work for us.

"Miss" Alma and her new husband just walked down Green Street.

Bunk Gray just walked by with a new hoe. Wonder if he is going to use it?

Look over this copy of the GCW. See how few ads there are. The merchants' problem is not so much one of selling as that of getting stuff to sell. Newspapers everywhere are suffering from this condition incident to the war. If country printer-publishers are to pull thru, they must make job printing and subscription recipts the principal source of their revenue. This we are trying to do, but at the same time—although the GCW is published at a loss—we propse to maintain as far as possible our reputation for publishing an interesting, newsy COMMUNITY newspaper. Therefore we must insist on prompt payment ofsubscriptions. And we hope that our painstaking efforts to produce neat printing at reasonable prices withiin the time limit set by the customer will cause more people to entrust printing to us.

Everybody has been crying for rain; now they are crying for a dry spell. We had better let the Lord look after the weather.

Roy Doak's store is closed all this week so that he and his employees can put on the ceiling prices. If the government imposes too severe conditions upon legitimate businessmen, many of them will lock their doors and walk out until the war is over. There is a law of diminishing returns, and the sooner the government heard about it, the better.

Talbert Turner, our neighborhood furniture dealer, came in for a call Monday. He was sorter peeved because he had not had his name in the paper in a long time.

Dear Ed Underwood: come by sometime soon and I will tell you that Joke that McKell told me.

Cousin Groce Carver, farmer and planter from Beat Five, was in town Monday. He probably should have been plowing.

This ceiling business saves us 3 cents a day. We have been paying ten cents a day for ice; now we pay 7 cents.

Private Grady Green of the Air Corps at Keesler Field has been added to our mailing list. Welcome, Private Green, may you be a Corporal soon.

Please look at the expiration date opposite your name on your copy of GCW. "5-42" means your subscription is out this month, "4-42" means it was out last month, etc. Please help us save valuable time by not forcing us to make out a statement and mailing it. We have a very STAPLE system. Anybody can understand it.

Other Camp Contracts To Be Let Soon

With work already underway on construction of railroad spur tracks and roads at the Triangular Division Camp at Elliott, it was authoritatively stated recently that present plans are to let all other camp construction contracts on Saturday.

Robinson & Young, Baton Rouge firm with the railroad spur contract, has established an office on the east side of the I. C. tracks at Elliott. Taylor & Wheless, of Hattiesburg, with the road building contract, have made their headquarters at the intersection of Highway 51 and the road entering Elliott.

Contracts on all other construction for the camp, it is believed will be let about May 23rd in Vicksburg. The work may go to one contractor in case he is low bider on all projects, but it is thought more likely that it will be let in sections.

Buildings for the camp will stretch about five miles north and south with a central point at Elliott. There will be 1,050 barracks constructed, and an approximately total of 2,200 buildings. Roads will first be graveled, then black-topped later. There will be about 44 miles of roads in the camp, and about 14 miles of railroad spur trackage. It is said the hospital will be a building one-half mile square. Rifle and artillery ranges will be east of the building area.

Five buildings are nearly complete between the highway and railroad just north of Elliott. These structures will be the offices of Chas. T. Main, Inc., and the U. S. War Departtment.

On the west side of Highway 51, plans and work are going forward to build various buildings to cater to the camp trade. One of these is to be a cafe. Another large and elaborate cafe is under construction at Duck Hill.

Official sources stated there is no foundation to a rumor that another area of the camp would be established west of Highway 51.

Traffic directors have been stationed at three points at Elliott to prevent traffic jams.

Resolution

The following resolutions were passed by the Woman's Society of Christian Service, of the Grenada Methodist Church, Grenada, Mississippi, Monday, May 18th, 1942:

Whereas, Our Heavenly Father has said to one of our Auxiliary, our well beloved sister, Mrs. Jimmie Bibby Brown, "It is enough, come up higher", Therefore be it resolved;

First.—That in the passing away of our Sister, we have lost a consecrated Christian worker, one whose joy it was to do and suffer the Master's will;

Second.—That we shall miss her wheresoever we are gathered, who are striving for the coming of His kingdom on earth, from her seat in the church where her presence was a support and an inspiration to her pastor; from her place in the Sunday School; from our social life, where hers was an ever welcome presence; but most of all from our Society we shall miss her wise counsel and efficient labor;

Third.—That through the mist of our tears we look above, whence cometh our help and by faith we say: "He doeth all things well, even to the taking away of His most faithful workers";

Fourth.—That we extend loving sympathy to her family in this dark hour of bereavement, and may they find comfort in His promises that never fail;

Fifth.—That these resolutions be spread upon the minutes of our Society, a copy sent for publication, and a copy be sent to the family of our dear departed friend.

Council's Resolution About Ex-Mayor R. W. Sharp

Resolved by the Board of Mayor and Aldermen of the City of Grenada, Mississippi:

1. That by the death of Mr. Robert W. Sharp this City has lost one of its most faithful officers, a Mayor whose purpose was always to discharge his duties with courage, ability, understanding and unselfishness. As the official leader of this administration he was always fair, just, impartial and considerate. Regardless of self, he devoted his time and talents to the City's business and affairs and that devotion to the City's welfare was outstanding and unquestioned.

2. That this community has lost a man of the highest integrity and character, his church a faithful, consistent member, his family a noble husband and parent and the world a gentleman of the highest type.

3. That this resolution be entered on the Minutes, a copy furnished to the public press and a copy to his family.

What You Buy With WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost $85 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

PREPAREDNESS
by the AMERICAN RED CROSS

Volunteer for Victory—offer your services to your Red Cross.

"WHAT can I do?" Now that we are at war, that is the question that every woman is asking herself. For those women who want to do a real job where they are urgently needed, there is the Volunteer Nurse's Aide Corps of the American Red Cross. One hundred thousand Nurse's Aides will help relieve the acute nursing shortage at home, according to Mrs. Walter Lippmann, who is the volunteer director of this Red Cross service. Trained nurses are daily being called for service with our armed forces. Local hospitals and health agencies are understaffed and overworked. Women who volunteer as Nurse's Aides will help safeguard the health of their communities.

A Volunteer Nurse's Aide performs many routine hospital duties and relieves the trained nurse for more technical work. She bathes and feeds patients, makes beds, takes temperature and pulses, assists in keeping records, does unsterile bandaging and attends to many details essential to a patient's comfort. She always works under the supervision of a graduate nurse.

Eligible for enrollment are American citizens or friendly aliens, between 18 and 50 years of age, with the equivalent of a high school education and in good health. A Nurse's Aide must complete an 80-hour intensive training course; 35 hours of class room instruction and 45 hours of supervised practice on hospital wards. She also agrees to serve 150 hours per year without pay in hospitals, prenatal, industrial or other clinics and public health agencies. The standard first aid course is a requisite for the first year of service and the Nurse's Aide may be assigned to Emergency Medical Field Units set up by Civilian Defense, to speed to the aid of civilians, wounded in air raids or disasters.

More than 12,000 Volunteer Nurse's Aides are in training or already trained, but many more are needed. It is too late when the bombs fall or an epidemic strikes. Prepare now and help safeguard the nation's health. Contact your local Red Cross chapter for information as to nearest training facilities available.

Collection Time

By DOROTHY DOUGLAS
(McClure Syndicate—WNU Service.)

ANNE rushed out to post the afternoon letters from the little suburban shop in which she worked. She had stuffed the letters into her bag and as she reached the letter box on the corner she pulled out the bulky lot and pushed them through the opening.

Then, as she turned away, she gasped and searched her bag.

Yes, she had tossed in the most private letter she had received that morning—the one in which the manager of the shop in which she was employed, had proposed to her.

It was unthinkable that John Barnes' lovely letter should be handed about the post office for every postman in the village to read.

"Whatever shall I do?" Anne asked herself desperately, and decided first that she had better marry him so that he would not have to bear the title of "rejected suitor" among the village teasers. Anyway, Anne had about decided that question in her own mind. She was very fond of John, and after all he was an exceptionally good match for any girl.

Then, all of a sudden she realized that she might go to the post office and ask one of the postmen to get her letter for her. Surely that would be quite simple.

Anne went straight around to that government building and was soon discussing her case with a decidedly pleasant young man.

"I'll tell you the only thing we can do," he told her, and Anne liked his smile, "since we must not open the letter box until collection time—perhaps you could be there at 7:45 this evening and the postman will then get your letter for you."

"Oh!" said Anne with a lovely blush, "it is very good of you. I wouldn't have wanted my letter lost—it's a—very—"

The young man didn't exactly like the emotion Anne displayed regarding her letter. It looked almost as if her love affairs were a settled thing. No girl would act like that over a mere letter even if it were an intimate epistle. No—it must be a love letter.

"I understand," laughed Elswood, "and since you must have it back—you shall most certainly have it. You just pop along to the letter box at 7:45. The collector will get it for you."

Anne hesitated.

"You will tell him—so I won't have to explain again?" she questioned.

"Yes," said Elswood, "I'll tell him that a very lovely young lady is in a very distressed condition because she had dropped into the letter box a—well a note from a maiden aunt."

Anne looked up and caught the twinkle in his eyes and a quick blush rewarded him.

"Well, you wouldn't want the love letters you had written to the girl you were going to marry read by everyone in the town!" she snapped back at him.

"I don't write love letters and I'm not going to marry any girl, at least—"

Anne smiled and from the kind of smile it was Elswood knew she had found out what she wanted to know. It rather pleased him that she was desirous of knowing whether or not he was "booked up," as it were.

"Well—" Anne had wickedness in her eyes now, "perhaps, if the post office is able to restore my love letter—we will invite the entire staff to the wedding," and with that she fled back to the lace counter of John Barnes' store.

"There's one you won't get to your wedding, little lady," Elswood told that vanishing form, "unless he's the man who says, 'I will.'"

And that evening, just when the sun was sinking in glorious splendor behind the great hills that hugged the outer rim of the town, Anne waited, beside the post box. Instead of thinking of John Barnes, she was seeing again the laughing face of the young man who was to get her letter back for her, and the more she thought of him the less inclined she felt to answer that letter in the affirmative.

Then in the near distance she saw the collecting postman approaching and for a second she didn't quite realize that he was the young man about whom her thoughts were centered.

Anne was possessed by a great desire to run away—why, she didn't exactly know. But she stood her ground, and in another moment Elswood had raised his cap to her.

"Just in time," he greeted her with a laugh. "You are more than anxious to get that letter back. I suppose you want to put it along with red roses and other treasured mementos."

Anne smiled. That peevishness meant a whole lot to her.

She glanced at her watch. "It's collection time," she reminded him.

Elswood gave himself the pleasure of a long look into Anne's eyes and what he saw there made him more willing to unlock the letter box.

A few minutes later John Barnes' love letter was restored to its recipient, and in another second, with a soft little smile, Anne tore it into a thousand pieces—"that's that," she said.

THURSDAY: THE LAST DAY WITH THE DISCIPLES

LESSON TEXT—Luke 22:14-30.
GOLDEN TEXT—This do in remembrance of me.—Luke 22:19.

The last day! How quickly it comes, and how fleeting yet meaningful its moments.

We do not know what our Lord did on Wednesday of Passion Week. In all probability He remained in Bethany to rest in fellowship with His friends. Surely He needed that day of quiet, for that which had gone before, difficult and strenuous as it had been, was as nothing to that which lay before Him.

Late on Thursday He and His disciples came to the upper room where Peter and John had already made preparation for the observance of the Passover (Luke 22:8). This feast had (since that great and awful night of Israel's redemption out of Egypt's bondage) pointed forward to the Christ and to His cross as the fulfillment of the type of redemption by the shedding of blood. But now the hour had come for Him to give Himself in that death, and so He set aside the Passover (because it has been fulfilled) to establish the great Christian feast of remembrance—the Lord's table, which now shows forth His death till He come.

I. The Final Passover (vv. 14-18).

Our Lord looked forward with intense desire to the Passover which He now observed with His disciples, for it was the last celebration of that feast recognized by God. All that it had foreshadowed of deliverance and hope was fulfilled in Him who now sat at the table. He had moved forward with resolute purpose to this day when His mission on earth was to be accomplished, and He was to become the Christian's Passover lamb (I Cor. 5:7).

The fact that He had looked forward to it with desire does not minimize the deep darkness of either Gethsemane or Calvary. Remember that, when in the garden He faced that hour and thought of the possibility of the cup being taken from Him, He said to the Father, "Not what I will, but what thou wilt." Praying concerning the same matter (in John 12:27), He said, "Now is my soul troubled; and what shall I say? Father, save me from this hour: but for this cause came I unto this hour."

II. The First Communion (vv. 19, 20).

Taking the unleavened bread and the unfermented wine of the Passover which had just been observed, Jesus established a new feast, the Christian feast of remembrance, which we call communion or the Lord's table.

His words are significant, "For as often as ye eat this bread, and drink this cup, ye do show the Lord's death till he come" (I Cor. 11:26). At the Lord's table His followers find spiritual strength in recalling His death for them, but they also find joy as they remember that He is to come again. They thus testify to the world that they believe and cherish these truths.

This feast is rightly called "communion," for down through the ages and until He does come the saints of God have at His table sweet communion with Him and with one another. Let us not neglect it!

Our Lord also spoke of the cup as "my blood of the new testament." The word "testament" means covenant. The Lord's table therefore speaks of our allegiance to Him, of our loyalty to our Lord, and our devotion to His service. That is why the Christian Church speaks of communion as a sacrament, a word from the Latin sacramentum, meaning oath, and essentially an oath of allegiance.

III. The Folly of the Disciples (vv. 21-30).

Someone may say, "That point does not belong with the other two. Both the Passover and the Lord's Supper are for the joyful remembrance of deliverance and redemption." The objection is well taken except for one thing—we are dealing with human beings as they are, not as they should be and could be by the grace of God.

Here in the inner circle of the twelve there was one traitor. It seems impossible, but apparently Judas had maintained such outward conduct as to turn no suspicion in his direction, even though all along he had in his heart the blackest of treachery against his Lord. A sad and soul-searching fact is here revealed, that it is possible for one to make a high profession of faith in Christ and even so to live as to give no cause for criticism, and yet to be unregenerate and in fact the enemy of Christ.

What about the strife regarding position? Shameful as we agree that it was, it still goes on in the church. Not even the remembrance of our Lord's death and the reminder that He is coming again is enough to keep men from wanting to be greatest.

PATTERNS
SEWING CIRCLE

THERE are few fashions which do quite as much for the figure as the dress which looks like a suit, an appealing version of which is presented in Pattern No. 1560-B. In this style you get a smooth fitting top which whittles the waist, trimly outlines the feminine curves of the bosom and controls a slim effect through the hips. You will like the neat detailing too, in the low cool neck line edged with ric-rac, the row of tiny buttons for the front closing and the prettily shaped pocket flaps. The skirt has panels, for slender fitting through the hips and across the back.

Short Length of 'Ballerina' Skirt Offers New Style Trend

By CHERIE NICHOLAS

ONE of the most fascinating style trends of the season is the "ballerina" influence seen in dressy frocks for "noon to midnight" wear. This flattering mode has been appearing lately in stunning street and midcalf lengths styled entrancingly for both afternoon and evening wear.

The degree of formality of these festive frocks which are so charming for daylight dancing and evening party wear depends upon their styling and upon the type of fabric used. Emphasis on luxurious weave is the rule. Your new ballerina frock may be crisp and perky in checked rayon taffeta (a newly important fabric), or it may be ethereal and fairylike in misty rayon mousseline or in such glamorous rayon fabrics as handsome faille, or filmy marquisette with very special emphasis on the importance of black sheers and laces.

These daylight dancing dresses are at their height of glory for immediate wear. They will be helping to bid farewell this summer to skirts using yards and yards of material. The new fabric conservation program begins with fall and winter clothes. It is interesting to note that in the models pictured in the above illustration the silhouette is faithful to the original ballet inspiration in bodice as well as hemline. Necklines are flatteringly low in cut and are likely to be squared, heartshaped or slashed in a deep plunging V-shape. In sleeve lengths you will find every type from brief shoulder caps to wrist length, fitted or bishop styles.

Shown to the left in the above illustration is a daytime-length version of the smart ballerina frock fashioned of fine rayon faille in a flattering shade of "plantation" green with a graceful overskirt of exquisite rayon lace in matching color. The fitted bodice, with its long-torso style and becoming V-neck, is typically "ballerina."

A charming multicolor floral cutout design of the flower print of the softly draped rayon crepe bodice is repeated in applique on the filmy rayon marquisette skirt of the enchanting midcalf-length ballerina frock designed for gala evenings shown centered in the illustration.

Pictured to the right is a dramatic interpretation of the midcalf frock for dining and dancing that uses romantic black rayon lace with unexpected and very effective ruffled cuffs of snowy marquisette at the wrist. A black rayon taffeta slip adds crispness to the full flare of the skirt. It is dresses of the type of this black beauty that will be worn by guests attending fashionable weddings this summer. Huge-brimmed hats, also in black, will top these adorable lacy sheer black frocks. Pompadour versions of petite flowery bonnets misted in beguiling colorful veils will also be popular.

From all indications the "pretty" black frock is destined to triumph anew this summer. These sheers will practice their "black magic" in beguiling feminine versions dramatized with tiered skirts, detachable apron fronts, transparent yokes and fringe and lace trims, to which will be added delectable pastel or vivid color accents. No smart summer wardrobe will be complete without at least one of these black frocks of fragile beauty.

The new "black" vogue is also evidenced in stunning suits softly tailored of handsome faille or moire. For the most part these suits subscribe to the new slim short silhouette that is making conversation these days.

(Released by Western Newspaper Union.)

Hand-Crocheted

This flattering brim and beguiling mesh scarf look as if they had just left the workrooms of an expensive designer, but you can crochet them for yourself. The brim looks like straw, but it is actually cotton crochet treated with a starch solution. The fish net open mesh as seen in the scarf has become a hobby with fashion. It is used for the making of the now-so-fashionable fancy snoods in which young girls are so prettily caging their curls. It is stretched over linen handbags. The newest idea is to top your summer blouse with a fishnet sleeveless bodice. For a dramatic note for simple summer frocks, the hand-crocheted, scarfed wide-brim hat as here shown is just about 100 per cent perfect. Part of looking your best this summer will be keeping yourself looking fresh and cool and, even after hours at work, as crisp as a lady of leisure.

Bathing Suits Are Draped and Ruffled

You may swim this season in a softly draped and molded-to-the-figure dressmaker suit styled of fine rayon crepe or sleek rayon jersey. Or you can be gaily outfitted in a trim bare-midriff halter and shorts costume of sprightly acetate rayon sharkskin.

You'll see "little girl" ruffled suits in crisp rayon taffeta, as well as beautifully tailored princess styles in rich rayon materials. The new failles and shantungs offer a lovely range of brilliant or dusky colors.

Black play and swim clothes are given drama with vivid color touches and accessories. The dressmaker influence is very much in evidence.

Casual Dresses Designed For Stay-at-Home Life

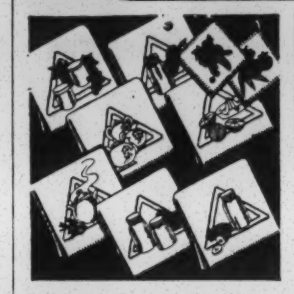
No more long drives in the car. So we will have a new program of "stay-at-home" entertainment. Already invitations are being sent out to "come and enjoy yourself" at a backyard barbecue party or picnic.

Of course you will want to dress to the occasion, which will mean picturesque, young and refreshing cottons done in rustic style. For these, gingham, flowery chintzes, chambrays, mattress ticking stripes and an endless list of sturdy cottons will fit picturesquely into the scene.

Glass Jewelry

Jewelry, as well as handbag and shoe ornaments, is being made of colorful glass. Flower motifs in jewelry are favorites. You can get earrings, bracelets and clips to match. Very lovely necklaces cluster flowers about the throat. The colorings are superb in these attractive glass "jewels."

THINGS for You TO MAKE



HERE are some new tea towel designs that are truly different. Grapes and jampots, oranges and a juicer, apples and a fruit jar—from these and cross stitch triangle backgrounds, tea towels are to be decorated. Four more tea towel motifs and two panholders (one fruit, one vegetable) complete the set. It's one you will want in your own kitchen, or to make as a gift.

Our Foreign Born

Almost one-third of the population of the United States is of foreign origin or the children of foreign born fathers and mothers. In some parts of the United States the proportion is much higher. In New York city, for instance, five out of every seven inhabitants are of foreign extraction or first generation Americans.

Legal Holidays

According to the Constitution neither congress nor the President has the power to prescribe legal holidays except in the District of Columbia and the U. S. territorial possessions, says Collier's. Nevertheless, congress has recognized the following days as public holidays: New Year's day, Washington's birthday, Memorial day, the Fourth of July, Labor day, and Christmas.

Since most of these holidays have been declared local holidays by the individual states, they can be said to be national and legal holidays. The President proclaims Thanksgiving a holiday.

USO ANSWERS ALL CALLS OF ARMED FORCES

"Wherever America's armed forces are or may go, the USO will be there to serve the spiritual, recreational, welfare and social needs of the men and women in uniform" stated Ellis W. Wright State Campaign Chairman for Mississippi's USO War Fund Campaign, which begins May 11th.

In discussing USO's vital and essential part in the national war effort, Chairman Wright also outlined the various services now a part of the daily USO service to the men behind the guns.

USO Clubhouses

When men join the colors they join the biggest club in the world —the USO.

The membership of United Service Organizations includes every mother's son in the fighting uniform of Uncle Sam. By the end of this year there will be 3,600,000 of them.

Built at the very thresholds of camps and training stations, USO clubhouses welcome the off-duty fighter to their roaring firesides, their lounges and social halls.

There are 407 clubhouses. With 163 smaller operations, they give

comfort and cheer, recreation and rest to all who shoulder guns or make them. These operational units—570 in all—are busy in 269 communities of forty-three states. A chain of sixteen rings the world from Alaska to Hawaii and thence to the Canal Zone and bases in the Caribbean. From there the chain stretches north to end in Bermuda.

USO Overseas

Wherever the war takes American fighting men, the job of United Service Organizations is the same: to give these men a "home away from home" so that they can get the most enjoyment and relaxation out of their few precious leisure hours.

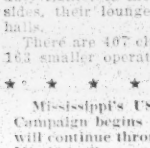
USO On Maneuvers

"In each of the maneuver areas, USO staff members must go ahead of the military force, securing citizen co-operation and arranging comfort and recreational facilities for thousands of men, often in towns with populations measured by hundreds."

How well USO has done that job in the Carolinas, Louisiana, California and Washington has been attested in commendations from General Hugh A. Drum, Brig. Gen. F. H. Osborn, other high ranking military figures and the American people, the citizens of the small communities in the "battle area."

USO in Transit

Cooperating with United Service Organizations, twenty-seven large American cities, mustering a total of more than 5,000 volunteer workers, have already established lounges in their railway stations and bus terminals for the troops-in-transit.

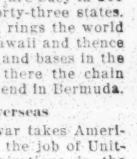


USO officials report that they have approached 108 different communities with the station lounge - plan and are striving to set up these havens in every important stop-over city of the United States.

USO Mobile Service

"Halt!" The sentry was alert and tense, his Garand on the "ready" as the truck rolled into sight, bumping along the beach in the darkness. Brakes ground and the truck slewed sideways in the sand. The early moon glinted on the side of the truck, on foot-high letters—USO.

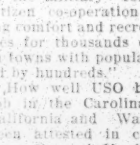
"Hey, gang! Come arunnin'. The USO has found us even out in this No Man's Land." The sentry was relaxed jubilant.



"No Man's Land" might have been a craggy beach on the Maine Coast or a coral strand in the Florida keys. It might even have been a glittering stretch washed by the Pacific, because the USO goes everywhere America's fighting men go in defense of our coast line.

USO Victory Books

"American troops are reading far better books than they did in the First World War."



This statement was made yesterday to USO officials by Clifton Fadiman, book critic of the New Yorker magazine and master of ceremonies of radio's "Information Please."

MacARTHUR JOINS THOSE ENDORSING USO PROGRAM

Leading Americans of the Army and Navy, of business and labor, of political and veterans organizations—all heartily endorse the work of the USO and urge that the USO's $32,000,000 War Fund Campaign be put over the top without delay. The 1942 USO War Fund drive begins May 11th. Here are a few of the endorsements USO has received:

General MacArthur

General Douglas MacArthur, American commander of all United Nations military forces in the Pacific theatre of the war, has cabled his endorsement of USO. In response to a cable for his endorsement, General MacArthur replied by cable:

"Proud to cooperate in such a worthy cause."

48 Governors Back USO

Business For USO

Through their respective leaders the Chamber of Commerce of the United States and the National Association of Manufacturers have joined to issue endorsements of USO to all of their subsidiary units throughout the country. Both statements came as USO was completing plans for its $32,000,000 War Fund Campaign which begins May 11.

In a formal letter "To the Presidents of Organization Members" Albert W. Hawkes, President of the Chamber of Commerce of the U. S., praised USO as fortifying "the morale of our fighting forces" and cited its record last year as vindicating "the confidence of its supporters" and as meriting "our continued and increased help."

Navy Counts on USO

The United States Navy, through its highest officials — Secretary Frank Knox and Admiral E. J. King—today gave new expression to their continued endorsement of USO's services to the men in their branch of the nation's armed forces.

Secretary Knox wrote from his office in Washington, D. C.:

"The Navy has made many demands on USO for the good of its fighting men. It will make many more. It knows it can count on the USO to deliver the goods.

"Frank Knox".

Jim Farley For USO

James A. Farley, former United States Postmaster General, yesterday accepted the chairmanship of the National Corporations Committee of the USO War Fund Campaign, beginning May 11.

Assuming his new duties, the former Postmaster General said:

"I welcome this opportunity to serve a cause so closely linked with the welfare of our armed forces. Those responsible for the conduct of the war, from President Roosevelt down to the men in the ranks, have testified to the necessity of USO as a vital part of the job of winning this war.

Legion Commander for USO

American Legion support of the $32,000,000 War Fund Campaign of USO was assured with the endorsement made by Lynn U. Stambaugh, National Commander.

"I hope that every Legionnaire will help to make this campaign successful," the Commander said in a formal statement to USO headquarters in New York City.

"United Service Organizations groups are carrying the recreational program to our men in service. The American Legion endorsed the fund-raising campaign in 1941. Now that we are in the war there is every reason to continue our endorsement and thereby help in bringing entertainment and relaxation to the fighting men of our nation."

Labor Leaders For USO

William Green, president of the American Federation of Labor, and Philip Murray, president of the Congress of Industrial Organizations, joined today in issuing statements urging organized labor to support the USO.

Mr. Green's statement, directed to the officers of state federations of labor and city central labor unions, follows:

"Through the USO each of us can make a personal contribution to bring a little bit of home to our fighting men wherever they are sent. To them the USO means friendliness, cheer, the little comforts that count when men are far from their families and firesides."

USO ESSENTIAL PART OF NATIONAL WAR EFFORT

"Not by machines alone will we win this war," said President Roosevelt in a recent letter to Harper Sibley, President, United Service Organizations, commenting upon the importance of the USO as an essential and vital part of the national war effort.

President Roosevelt's letter continued:

"Unitedly, unstintingly, and without interruption or delay, we have solemnly promised to give our men a mounting tide of guns, tanks, planes and ships.

"Mississippians," according to Ellis W. Wright, Jackson, Campaign Chairman, "are ready to do their part in the USO War Fund Campaign. Everything is ready and we'll be working in every community in the state, beginning Monday, May 11th, to reach our $130,000 state quota by May 23rd," said Mr. Wright, who added, "the USO is an essential part of our national war effort and Mississippians will stand squarely behind the men behind the guns—we will give 'cheerfully, generously, and now.'"

they may be, and without regard to race, creed or color, the moral and spiritual values of the democratic ideals and freedoms for which they now are fighting.

"Because the USO is unitedly dedicated to that high purpose, and because that high purpose is a vital part of the job of winning this war, the USO should be supported by everybody — cheerfully, generously, and now."

USO's Main Objective

To help build and maintain the strongest fighting spirit among our men in uniform by showing them how much their friends back home appreciate what they are doing. To make this appreciation tangible in the form of friendly hospitality and service in the soldiers' and sailors' off-duty hours.

USO PROTECTS SPIRITUAL IDEALS OF OUR DEMOCRACY

The USO is a vital expression, in action, of the fundamental spiritual ideals which created and will preserve our democracy.

Every attempt to give soldiers and sailors the same opportunity for spiritual development and religious worship they receive in civilian life is being made by USO.

In every center, there is close association between the USO club houses and the local clergy. Ministers are invited to the clubs

Mississippi's USO War Fund Campaign will begin May 11 and continue through May 23. Every citizen is urged to have a part in this vital war effort. Mississippi's quota is $130,000. See your local USO Campaign Committee Chairman today.

to conduct weekly services and, in a number of cases, service men are asked to assist, either with the services or in arranging hymnal programs.

Home hospitality is frequently offered by the minister himself or by church members.

Further contact between church members and the service men is maintained by the women of the community, who serve as hostesses at social events in the churches or USO clubhouses.

A recent survey conducted by USO, covering 113 clubhouses, showed that twelve Protestant ministers have requested and received desk space at various units. In other instances, the ministers visit the buildings regularly but do not wish desk space.

Sixty units have Protestant ministers on the USO Council, while eight others have laymen active in the Church, the ministers themselves having judged it wiser for laymen to serve.

BOYS IN UNIFORM KNOW WHAT USO IS DOING—BACK DRIVE

Unsolicited letters, hundreds of them, are received by USO centers throughout the nation at USO headquarters in New York. Three of these letters, selected at random, provide proof of the reason why behind USO's $32,000,000 War Fund Campaign which begins May 11th.

Here is an unsolicited letter mailed to the office in Rutland, Vermont:

"There are two things here that make Army life worthwhile. We are getting the very best in food. Of course once in a while a meal will be off a bit, but for an average week, the meals are way above par. Also, the USO really is doing a lot for the boys. They have built a new building down in Hattiesburg and its just great.

Mississippians know what the USO is doing for the boys in uniform and that's why Mississippi's USO War Fund Campaign, May 11-23, will go over the top in a big way. Be ready to do your part when your local USO committee calls upon you. Back up the boys behind the guns.

Would make the average Country Club building look like a shack in comparison, and there is everything a fellow needs. The people running these USO's are surely doing a very fine job, and believe me its one that I wouldn't want for love nor money. Its what what might be called a thankless one, and as long as human nature is as it is, there will always be those who are dissatisfied. But for the majority, its tops."

Letter mailed April 16th from:

Tech. Sgt. A. E. VonDette
Jq. & MP Co. 43rd Division
APO No. 43
Camp Shelby, Miss.

Here are paragraphs from a letter written by a member of the United States Marine Corps:

"One of my most pleasant was when my train pulled into the station in Portsmouth, N. H. last fall. We had no time to leave the train to get our sandwiches, coffee and cigarettes. The girls from the local USO came thru the train with all of these things, plus magazines and books. They refused to allow us to pay for any of these things. You will never know how good those things tasted to us that night.

"At one time I operated a Marine Corps display in the lobby of the Union Terminal in Cincinnati, Ohio. One day a man came to the door of the USO, stuck his head in, looked around, smiled and walked away. A few minutes later he was back at my display and stopped to talk with me. His words were something like this, 'I suppose you are wondering what I was doing, when I stuck my head in the door a while ago.' I confessed that I was a bit curious. 'Well, for some time now I have been contributing to the USO, and have been wanting to know what my money is doing.' I asked him what he had found out. 'Why, those boys in there are as if they were at home. I never imagined that a service organization would be like this.

"This could go on and on but there is no reason for it. I have talked with many of the boys, they all think it is swell. The old timers always say, 'It wasn't like this in '18. Now we're at home all over the nation.' Having seen many of the USO's, I know that they furnish these homes."

And, finally, here are a few paragraphs from Private Billy Conn, former light-heavyweight champion of the world and leading contender for the heavyweight title:

"Now, today, word went around camp that USO starts its 1942 War Fund Campaign for $32,000,000 on May 11.

"Well, this is to say the boys are right behind USO in its campaign. They know what the USO does—because it does it for them. USO work is not something soldiers and sailors heard about from Mike Ice or Mouse Casey, but something they know about themselves, and first hand.

"So, the boys are backing up the fund campaign, and there's no question that the folks back home will do likewise."

Seen, Heard and Told By The Editor

Several folks from Little Texas were in town Saturday.

I do not believe that we have mentioned a new subscriber, Mrs. Shuffield whom we now belatedly welcome.

Jim Elliott, our super from Beat Five, was a visitor on Beale Ave. one day this week.

Right now we are experiencing the calm before the storm.

We understand our congressmen and senators will have "X" cards, entitling them to all the gasoline they can pay for. That will be nice during the campaign when Ford (if he runs) and Doxey can travel without let or hinderance, while their opponents will be restricted to maybe 2 gallons a week. Aint it grand to be on the inside.

We country printer-publishers are real goofy if we give FREE publicity to the candidates who insist that the Union Label is on every piece of literature, not that we are against unions when properly managed.

Pvt. H. K. Gresham, who has been visiting his folks in Grenada, subscribed to the GCW before he returned to his station at West Palm Beach, Fla.

Aint it grand to have an "X" card?

Bobby Weir, E. R. Smith and Charlie Keuwright, who have been attending school at Moorhead Junior College has returned home for vacation.

Mrs. Grover Long visited her sister at Lake Cormorant this week.

Miss Lynn Theisman has returned to duty at the Baptist Hospital after a two weeks visit here with her parents, Mr. and Mrs. W. B. Theisman.

Cliff Hamby ought to be ashamed of himself. Roach Hamby, as he is now called, went into the roach business and put poor old Bill Enderlin out of that business. Bill, in turn, had to start to knitting for a living.

George Oversea Terrell did not show up for work until late Monday afternoon.

Our favorite wife has had to bear the brunt of the work this week, as usual.

We thank those who come to us to buy stationery items, but refer them to Jackson the Printer, who has a complete line. We handle nothing of that nature, but we do turn out all kinds of printing jobs. In fact, at the present moment, we are swamped.

Cousins Bryan and Susie certainly have a lovely country home out on 51 North.

Pay your subscription and contribute to the USO.

Next week we expect to carry a comprehensive outline of the commencement doings at GHS, and a picture of the Senior Class if one is available

I would say who I thought had the prettiest flower garden in Grenada, but have better sense than that.

Aint they sweet.

Me and the USA.

Dear Allen: we are both sorry to hear of the illness in your family. Let us know if we can do anything.

Sheriff Hayward and his force raided three of our prominent saloonkeepers recently. At the trials which ensued they were solemnly warned against continuance of whiskey sales. On the same day the Highway Patrolmen captured an inbound car filled with the stuff that cheers at first, then nauseates.

It looks like our Sheriff is going to stop some of this whiskey and gambling business before it gets a head start on him.

Greenfield and Horn, we assure you, will not get into any devilment on Friday and Saturday. They have all they can do.

We have two postal cards on our desk which are begging for the GCW. The writers should have paid their subscriptions. If it is worth receiving, it is worth paying for.

Damon and Pythias, David and Johnathan, Wells and Doxey.

If this is a pretty good issue, you can assign as a reason that the old lady had most to do with it, as the editor was sorter under the weather.

Hamp Graves has been employed to make the personal assessments for the City of Grenada.

We have not had to use a sheet of our own paper for copy paper or carbon copies in months, as we turn over the free propaganda and use it for those purposes.

John Weir, the mooner from Moorville, was in town recently.

Folks in Grenada are getting "twilight sister" and "ladies of the evening" conscious.

Take a look at Grenada today. By the 10th of June it will be a teeming mad house. The bids for the large contracts will be will be received Saturday, studied a few days, then awarded. Five days or less after awarding the contracts, work will begin.

If you want some land right in the edge of the Delta in Grenada county; four houses, 110 acres open, 150 in timber, see the old lady. Build you a house at the corner of two gravel roads and start life anew.

We cannot yet believe that, with labor, material, engineering talent and money so urgently needed in the war effort, a dam will be built on the Yalobusha River soon; yet the surveyors keep surveying and the draftsmen keep on drawing plans. There is no telling. We will have to wait and see.

Mrs. Rose is figuring on going down to Little Texas to see her folks soon.

All the merchants have been in a swivet this week putting on ceiling prices. This thing is all right if it works.

Two birds with one stone: Mr. H. M. Sherwood renewed for himself and for his son in Quanah, Texas. Right on the dot, too; no dunning, sueing or threatening.

What is USO. "U" is for United; "S" is for Service and "O" for Organization. In the last war about five organizations, each working independently, tried to serve the fighting men. They did the best they could, but the USO, which is a combination of all the old organizations, can and is doing a better job.

Remember, when you give to the USO you help someone you know.

Our friend Wells should be proud of Senator Doxey for Senator Doxey publicly eulogized Wells from the platform last summer and Senator Doxey recently sent Wells a handsome photograph of himself, autographed and beautifully framed.

Aint they sweet.

Oh, no, Uncle Sam cannot make you put those Ceiling Price stickers on your merchandise - but he can make you damn sorry you did not.

Wonder how John Emmons is getting along?

CARD OF THANKS

My family and I wish to tender to our friends our sincerest sympathy and gratitude for every assurance of heartfelt sympathy in our hour of bereavement.

May God bless each of you.
